the most scratch-resistant, high-gloss acrylic surfaces available. What more do you need... Dry Erase board performance? You got it. And when you wipe away the marker, the surface won't ghost—guaranteed!

Linear finishes feature a high-gloss laminate film with a subtle graphic and UltraMatte finishes are ideal if you want a silky look.

UltraLux can hold its own as a flagship feature in many defined styles such as modern, European, Asian, and minimalist. It will also deliver the look and feel of no-frills extravagance when combined with door styles and materials from our other programs.

its moisture-, chip-,
re is appealing to

many busy families. For most kitchen splatters and spills, Thermofoil cabinets can be easily wiped clean with a soft damp cloth.

Door styles range from modern square- and beveled-edge slabs to traditional raised-panel looks with transitional, Shaker-style in-between. High-gloss on a slab-style door shouts urban contemporary, but any color on a door with a center panel captures the beauty of classic painted wood at a much lower cost.

simple, traditional,
els, recessed panels,
keep in mind each
depending on the
combine.

Because they are a natural material, wood doors add an overall softness to kitchens, yet are strong and durable. Enhance their natural beauty with stains and finishes that allow the unique characteristics of your wood species to come through, like knots, color variations, and grain patterns. Or have your doors painted for a bolder, more consistent color presentation, still awarding you with wood's comfortable attitude.

Need a little more character than a stain or paint can provide? Check out our low-charge, specialty glaze and distressed finishes to further influence your unique look.

cabinetry you

love, then add in a little bling. Metal pairs well with all of our other door materials in both transitional and contemporary styles. Just add a couple of metal and glass doors where they make sense functionally or where they can complement your overall design style.

It's easy to pull together beautiful doors from our Metal Program. The metal frames vary in width from barely there to a strong showing and are available in five finishes: Brushed Stainless, Natural Aluminum, Gold, Graphite and Onyx. Every combination pairs well with our Tech Glass options. Clear, backpainted, and patterned glass can help you design a you-nique kitchen that isn't found anywhere else in the neighborhood.

Live with your favorites before you decide. With our super-fast Sample Program we can ship samples of your favorite door styles and finishes in about a week.

KINDLY MADE, IN AMERICA

Our cabinetry is built in Liberty, NC, in the heart of the country's furniture manufacturing industry, from domestically- and globally-sourced components. We comply with strict CARB II standards.

100-YEAR LIMITED WARRANTY

PERFORMANCE CONSTRUCTION

ARCHITECTURAL SPECIFICATIONS

1. **Cabinet box** is manufactured with 5/8"-thick, environmentally-friendly, EPP-certified Engineered Furniture Core or All-Plywood panels; dowel-and-glue joinery.
2. **Back panel** is 5/8"-thick, fully-captured, machine-fitted and provides structural integrity and options for installation screws.
3. **Top, bottom, and sides** are flush for easier installation, easier application of footed mouldings and light rails, and a furniture-like appearance.
4. **Finish** for top, bottom and sides – inside and out – is White, Grey or Neutral Woodgrain moisture-resistant melamine. Exposed edges (except inside edges of top stretchers) are edgebanded. Maximum coverage protects against moisture.

   Finished Ends, Finished Interiors, and Panels are color-coordinated with the door finish. Front edges have matching wood or coordinating
5. **Full-width stretchers**, front and rear, provide solid support and a mounting surface for countertops.
6. **Toe-space blocking**, front and rear, for stability.
7. **Shelves** are 3/4"-thick, full-depth, edgebanded, adjustable, and supported with metal shelf clips.
8. **Hinges** are durable steel, fully-concealed, clip-on/off, self-closing, 110°, 6-way-adjustable (for precision door alignment), with a lifetime manufacturer's warranty and soft-close operation.
9. **Wood Dovetail Drawers and Pull-outs with Soft Close**
   The drawer box has 5/8"-thick, solid wood on all four sides, dovetail joinery at each corner, and 1/4"-thick, fully-captured bottom, all in natural-finish Birch (standard) or Walnut (upgrade). Soft Close glides allow smooth and silent closing. Glides are a full-extension, tandem, undermount system with a 100-lb

nstand normal, daily household activities and should be treated
mple recommendations to care for your cabinetry:

THERMOFOIL CABINETRY

Thermofoils, while very durable, can be damaged by excessive heat. Properly-installed Heat Shields protect cabinets adjacent to ovens, ranges, and dishwashers. As a precaution, open doors and drawers away from an oven during high-temperature, self-cleaning cycles. Also, pull countertop appliances, such as toasters, ovens, grills, or coffee makers, out from under the cabinetry before use. Damage caused by excessive heat is not covered under warranty.

ULTRALUX CABINETRY

The high-gloss surfaces of UltraLux are covered with a protective film from the manufacturer. Remove the film after cabinet installation. To clean, use a micro-fiber cloth or other very soft cloth with a non-abrasive soap or detergent. Do not use paper towels, brushes, scourers, or scrapers. Avoid harsh household cleaners and abrasives such as acetone, thinners, caustic soda, toluene, xylene, dichloromethane, amyl acetate, glacial acetic acid, butyl alcohol, butyl acetate, Cellosolve, cresols/phenols, ethyl acetate, chlorinated solvents, halogenated solvents, methyl alcohol, methyl ethyl ketone, and sink and toilet bowl cleaners. Safely remove any adhesive near the edges with mineral spirits.

REPAIR KIT

Small nicks and scratches that occur during daily use can be repaired using the products in the Touch-up Kit. Follow all instructions and keep all products out of reach of children.

MARKER: Capillary markers are ready to use, just remove the cap. Valve Markers require shaking to mix the contents. Depress the valve to start the flow, careful not to over-flood the felt tip.

FILL STICK: Fill damages with the stick and gently remove excess material by

ultracraft®

100-Year Limited Warranty

UltraCraft Cabinetry ("We" or "Us") extends the following limited warranty ("Limited Warranty") to the first purchaser ("Original Purchaser" or "You") of a cabinet manufactured by Us (each, a "Product"). This Limited Warranty is only applicable to Products sold and used in the applications described below within the United States and Canada. Except as allowed below, You may not assign or transfer this Limited Warranty.

WHAT DOES THIS LIMITED WARRANTY COVER? Subject to the exclusions and limitations set forth in this Limited Warranty, We warrant to You that each Product will be free from defects in material and workmanship, under normal use and maintenance, for the applicable warranty period stated below. This warranty gives You specific legal rights, and You may have other rights which vary from State to State.

WHAT IS THE WARRANTY PERIOD APPLICABLE TO RESIDENTIAL PURCHASERS? If You are a Residential Purchaser, then the warranty period for Your Product (excluding certain components discussed in the following paragraph) is for as long as You own the dwelling in which Your Product was originally installed and used as a primary or secondary home. Under this Limited Warranty, a "Residential Purchaser" means a person who purchases and installs the Product in a dwelling that is owned and used by that person as a primary or secondary home. A Residential Purchaser also includes any person such as a builder, contractor or developer that purchases and installs the Product in a newly constructed dwelling that will be used as a primary or secondary home. This Limited Warranty may be assigned by a builder, contractor or developer to the first owner of a newly constructed dwelling in which the Product was originally installed, provided that dwelling is used by the first owner as a primary or secondary home. Remodelers, landlords, and leasing companies will be considered a Commercial Purchasers (as defined below).

Notwithstanding the preceding paragraph, the warranty periods applicable to the following Product components that were not originally manufactured by Us are as follows:

- Lighting, Electronic, and Powered components: 2 years from the date of original purchase.
- Decorative Hardware: 5 years from the date of original purchase.
- Cabinet Organizers: 5 years from the date of original purchase.

WHAT IS THE WARRANTY PERIOD APPLICABLE TO COMMERCIAL PURCHASERS? If You are a Commercial Purchaser, then the warranty period for Your Product or any components of Your Product is twelve (12) months from the date of purchase. A "Commercial Purchaser" is any Original Purchaser of a Product that is not a Residential Purchaser. Commercial Purchasers include remodelers, landlords, leasing companies, and other private or public businesses that purchase and install the Product in a dwelling that will be sold, leased or used as a rental unit or for any non-residential purposes.

DISCLAIMER OF OTHER WARRANTIES: THIS LIMITED WARRANTY IS OUR SOLE AND EXCLUSIVE WARRANTY WITH RESPECT TO THE PRODUCTS. ALL IMPLIED WARRANTIES ARE STRICTLY LIMITED TO THE DURATION OF THE LIMITED WARRANTY APPLICABLE TO THE PRODUCT AS STATED ABOVE, INCLUDING BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to You.

WHAT THIS LIMITED WARRANTY DOES NOT COVER (EXCLUSIONS): The Limited Warranty does not apply to any Product:

(1) installed or used outdoors;

(2) used for purposes for which it is not designed or intended by Us;

(3) which have been subjected to misuse, vandalism, abuse, negligence, accident, or unauthorized modifications;

(4) which have been improperly stored (if the Product must be stored, it should be covered and stored in a humidity and temperature controlled environment, away from direct sunlight);

(5) which have been improperly installed, cleaned, or maintained (for more information regarding the proper use and care of the Product, please consult the applicable Use and Care Instructions that accompanied the Product or that can be found at www.ultracraft.com/about/100-year-limited-warranty

(6) which have been subjected to improper temperature, moisture and/or humidity extremes (temperature outside the range of 50-85°F and humidity outside the range of 30-55% are considered extreme);

(7) damaged by fire, flood, acts of God, c

(8) exhibiting normal wear and tear.

In addition, natural woods may vary in co
as they age. For example, painted doors, c
visible cracking around the joint area, an
